Hey Conrad,

I'm adding the alias for Publisher and Developer Relations at NOA. They should be able to assist with your situation.

PDR, can you guide Conrad on this subject?

Thanks,

**Subject:** DMCA Request Inquiry - The Outbound Ghost

Hi there,

I'm Conrad Grindheim, the lead developer of The Outbound Ghost. The game was released on Nintendo Switch last Thursday on December 1st through the publisher Digerati.

Over the past weeks Digerati has breached our contract in multiple ways and they no longer have the rights to publish the game. My legal team has given them until Friday the 9th of December to start the process of taking down the Nintendo Switch page or we will start a lawsuit and issue a DMCA takedown request.

I have found the appropriate channels to issue this request on other platforms, but have not been able to for the Nintendo Switch. I have the legal documents to prove that they are in violation of our contract and hence are no longer allowed to publish my IP. I would like to be referred to the appropriate channel to issue such a request in case Digerati does not comply before the 9th of December. Thanks in advance.

Best regards,

**Conrad Grindheim**
